
**SOCIETY FOR INTEGRATED DEVELOPMENT, HEALTH AWARENESS,
NETWORKING & TRAINING (SIDHANT)**

ANNUAL REPORT

2020-21

Background

Developmental growth has in the past brought in its trail urbanization, distortions in resource utilization and distribution aggravating income and wealth disparities, besides ecological consequences. Experiences of development process as hitherto evidence has revealed in sharp focus the need for corrective steps to retard social distress and social injustice. Any development program which does not implicitly reorganized the above limitations would only further aggravate the situation that is already causing concern in the most developing societies.

Mission

“To work towards sustainable development of the poor and disadvantaged section of the society”

Vision

“Equitable and sustainable development of population through innovative approach, participatory action”

Awareness program on Health/Hygiene & COVID Safety

SIDHANT organized a one day awareness session on dated 18th September '20 in Sukhrali, Gurgaon. An awareness programme on health, hygiene, and COVID safety is a crucial initiative aimed at educating individuals and communities about the importance of maintaining good health practices and preventing the spread of COVID-19. Such programs play a vital role in empowering people with knowledge and skills to protect themselves and their communities.

Key Objectives:

Promoting Hygiene: Emphasize the significance of regular hand-washing, proper sanitation, and personal hygiene practices to prevent the spread of diseases, including COVID-19.

COVID-19 Safety Measures: Educated participants on the importance of wearing masks, practicing social distancing, and following guidelines set by health authorities to reduce the risk of COVID-19 transmission.

Vaccination Awareness: Provided information about COVID-19 vaccines, their safety, and efficacy to encourage vaccination within the community.

Healthy Lifestyle: Encouraged individuals to adopt a healthy lifestyle through proper nutrition, regular exercise, and stress management to boost their overall immunity.

Conclusion:

An awareness program on health, hygiene, and COVID safety is a powerful tool to empower individuals and communities to take charge of their health and well-being while also contributing to the collective effort to combat the COVID-19 pandemic. Such initiatives are essential for building a healthier and safer future for all.
